made the great covenant of works. Eve was not the weak, curious crea ture man would have us believe. She was the crowning master-piece of the Almighty mind, the "after-thought of the Creator, perfect mentally and physic-

composition, and all that was needed to make the creation a finished, perfect Displayed advertisements will be charged an accident of the Great Creative Force.

> honorable material was required out of which to fashion woman. The bible tells us that "God caused a deep sleep to fall upon Adam and took from him a rib the material was required out of the minds of children are inherited from the mothers and not from the fathers of upon Adam and took from him a rib the race. from which he made a being transcendently lovely and placed her in Eden to share equally with man the dominion and bounty of the earth. From this circumstance we learn that man needed a help and that the mind of man which was to control the then created world whom have shown minds equal to any was defective. That man was not of himself able to remedy the defect is plainly set forth in that Divine Power plainly set forth in that Divine Power after a temporary suspension was again of the race.
>
> called into action. Man, pure as he was, was not taken into the counsel of helief in the Omnipotence, nor called upon to assist in the execution of its designs—he was simply put to sleep. It is a very com-forting fact to know that man was not awake at this interesting period and that he did not dictate to the Almighty con-

woman's heart when you have just "in the day that thou eatest thereof thou shalt surely die." It is highly probable that Adam informed Eve concerning his instructions with regard to this tree. donnas and tenors in Italy.

It is asserted that more geese have been shot this season in the Great South Bay, L. I., than during any season for ten years past.

The largest polished plate ever exhibited was the work of the Thames Plate Glass Company, of England, measuring and tenors in Italy.

In instructions with regard to this tree. Now if Eve had possessed the centemptical content in the content of physical energy and a corrective of those conditions of the body which invite disease. The Bitters have repose that she would have paid this tree who have observed the effect of that popular nity, and even with death as its consequent would have tasted of its delicious fruit. That she never had such desire and that she was content with her legitimate of tonic and alterative principles combined with it, it becomes infinitely more efficiency as corrective of those conditions of the body which invite disease. The Bitters have repose that she would have paid this tree who have observed the effect of that popular nity, and even with death as its consequent would have tasted of its delicious fruit. That she never had such desire and that she was content with her legitimate principles combined with it, it becomes infinitely more efficiency as corrective of those conditions of the body which invite disease. The Bitters have recovent to physical energy and a corrective of those conditions as corrective of those conditions of the body which invite disease. The Bitters have recovered the effect of that popular as the best of the body which invite disease. The Bitters have recovered the effect of that proporties as corrective of those conditions as a renewant of physical energy and a corrective of those conditions of the body which invite disease. The Bitters have recovered the effect of that popular as a removal energy and a corrective of those conditions of the body which invite disease. The Bitters have recovered the effe

"Poor fellow—he had a good deal in that the Lord God had made." With his him," was the sorrowing remark of a superhuman penetration he knew there was latent in the breast of that woman, subscriber shot in a gin-mill. The coro- which once awakened nothing short of ner's inquest subsequently verified the heaven could satisfy.

tends from Mount Cenis to Reggis, oppo- by and brought all his arts to bear upon

"the fruit was pleasant to the eye and good for food," he never would have accomplished his wicked purposes, for Without a single allusion to the physica of war to Don Carlos. His death and all boldness: "Ye shall not surely die; the consequent stoppage of remittances for God doth know that in the days ye have occasioned quite a stampede in the Carlist camp.

A committee has been formed at Florence for the purpose of celebating pext abundant fruitage, its fountains and rivers, its birds and beasts, living in intimate followship, with more accused. mate fellowship with man, appeared small and insignificant. Within of her own hand was fruit that once tasted would place her above the beauti-ful creation about her, would endow her with unlimited knowledge, yes with cre-ative force itself. To be a woman and enjoy the blessings provided for her was doubtless until now a pleasant thing, but to be a God and scatter similar me at vienna, accordingly the money blessings in rich profusion, was a will remain in the house, and whatever grander, nobler thing. There was, perelse may be lacking at the wedding, there haps, a slight hesitation. In the fruit will be no lack of funds. There's militself there was nothing repulsive, and of death, the penalty of her disobedience,

gave part of the fruit to Adam-and I GEO. P. ROWELL & CO., 41 Park Row would be willing to wager something handsome that she gave him the larger 'Tis remarkable what effect wooden portion. Where was man's superior will evenings since. His fair partner, toward probably hungry, at all events, he ate the fruit. Eve did not deceive her husband,

When in "the cool of the day the Lord came into the Eden and questioned A resident who reached Detroit by a Adam as to how he came by the knowle noon train yesterday, after an absence of edge of his nakedness and as to whether edge of his nakedness and as to whether two weeks, was met at the depot by his eight-year old son, who loudly welcomed him. "And is everybody well, Willie" asked the father. "The wellest kind," replied the boy. "And nothing has happened?" "Nothing at all, I've been good, and I never saw ma behave her good, and I never saw ma behave her self so well as she has this time."

edge of his nakedness and as to whether he kind simply an awered: "The woman whom thou gavest to be with me gave me of the tree and I did out." He does not charge her with any duplicity whatever in the matter, which he certainly would have done had she been guilty of any.

From all quarters Eve is denounced as a most wickedly curious person, as the sole agent in drawing upon the world the sole age

curse of God. But how did her offended Maker regard her? Certainly not with scorp. Ere He utters a single word of from time immemorial, has been laid at woman's door. Men in lordly style tell no that woman's curiosity has been mankind's ruin. In their excessively egotistical verdict they forget that they had a hard to play the latter than the latter it shall bruise thy head, but thou shall bruise his heel." Eve's curse was per-sonal and not merely physical; her mind as well as her body suffered. From her proud eminence she descends to a sec-oudary position, "and thy desire shall be to thy husband and he shall rule over thee." Such being the words of her curse, we may with all safety conclude

that in the beginning woman was the su-perior being, that she possed a mind of liner, more majestic quality than that of man. The last finishing act of God was certainly the most exquisitely perfect.

Eve sinned through a desire for unbounded wisdom; Adam through a desire for something good to eat, if we rightly construe His curse which reads: "Cursed is the ground for thy sake; in sorrow shalt thou eat of it all the days of thy life "-" and in the sweat of thy face

shalt thou eat bread until thou return unto the ground."

Men in all ages have claimed, and still do claim to be superior to woman in mental as well as in physical power.

Well, let them claim it, but we beg leave for him."

Man was made of the dust of the carth, the same material of which the they are mainly indebted to Eve and her successors for it, for science tells us-

A Russian journal announces that a belief in the approaching end of the world has seized on the Cossacks of the Don. Many, especially aged people, are giving up worldy affairs, wearing a shroud, and ordering their coffins.

was latent in the breast of that woman, now so obedient and gentle, a power which once awakened nothing short of heaven could satiafy.

Why didn't the devil tempt man? He did not for one or two reasons; he was an ambitious spirit and would not be content with so easy a conquest, or perhaps he did not care to combat Adam's lazy contentment, or may be he was a little lazy himself and knowing the sway Eve had over her husband felt that the doom of both would be sealed by Eve's fall. Be this as it may, he passed Adam's by and brought all his arts to bear upon Eve. He did not appeal to the woman's animality in any one way, but, like the master-spirit he was, went straight to her maker spirit he was, went straight to her master-spirit he was, went straight to her master-spirit he was, went straight to her ambition. Had he simply set forth that

STURM & HIRSCH, Gen'l Insurance Agents, 41 Madison Street,

LEWIS C. GROVER, Pres't. L. SPENCER GOBLE, Vice President; EDWARD A. STRONG, Secretary;

THIS IS THE THIRD LARGEST COMPANY IN THE WORLD, AND PAYS THE Largest Dividends to its Policy-holders.

This Company's average dividends for the last thirty years have been higher, and its average expenses for same time have been lower than any other Company in the United States. All kinds of approved policies issued. Not having any Southern least, parties insuring in this old and sterling institution receive the same dividends as the Northern Policy-holders. Policies non-forfeitable after payment of second year's premium.

Whereas, Within the past seven years, forty-one weak or worthless Life Insurance Companies have been excluded from the State by orders of the Insurance Department; and Whereas. There is good reason to believe that within the next seven years many more of a like warthless character will be forced to retire.

This message is issued to admonish the citizens of Tennessee, and so far as may be to save them from loss in consequence thereof.

To guide the citizens of the State in the selection of the best Life Insurance Companies, we furnish the following practical illustration of their comparative merits:

In doing this we emphatically disclaim any unfriendiness toward any company, or any desire to isjure any. Referring to the Massachusetts Insurance Reports of 1874, we select three of the best and three of the poore class of companies:
